

TOLERANCE MASTERS
PRECISION MACHINING

Tolerance Masters 2017 Building Expansion

**4444 Ball Road NE
Circle Pines, MN
55014**

Subject: Open House at Tolerance Masters, Inc.

Reason: To dedicate our new 31,000 sq. ft. addition (to 62,000 total!)

Date: November 2nd, 2017, 3:00 p.m. – 5:00pm

Who is invited? All customers, current vendors, family members of employees, Bank of the West personnel, Anoka Ramsey Foundation and staff, Anoka Tech Foundation and staff, and the contractors that worked so hard to complete this expansion.

Please join us for snacks and beverages in our new addition! We look forward to seeing you during our Open House to celebrate our growing company.

As we expand into our new space, we will be adding environmentally segregated areas for Grinding, Deburring and EDM. We will also be expanding our engineering and quality departments to accommodate our increasing volume of products. When we begin to move equipment, we will requalify each machine to insure a quality product.

Thanks for your continued support! Please RSVP with number attending at maggiel@tolerancemasters.com

Respectfully,

Verne McPherson, CEO

Randy Koppes, President

- The Foundations of our new building

- The walls and roof are added

- Just a few finishing touches and it's Done!
